We are providing shareholders of the First Trust Private Credit Fund (the “Fund”), a Delaware Statutory Trust, with information concerning the portion of the distribution declared on December 13, 2024, that was from a source other than net investment book income. No action is required on your part.

The Fund distributes a monthly dividend of net investment income calculated during each monthly dividend calculation period. The amounts and sources of distributions reported in this notice are estimates, are not being reported for tax reporting purposes and may later be determined to be from taxable net investment income, short-term gains, long-term gains (to the extent permitted by law), and return of capital. (Return of capital may occur for example when some or all of the money that you invested in the Fund is paid back to you). The actual amounts and sources for tax reporting purposes will depend upon the Fund’s investment experience during the remainder of the fiscal year and may be subject to changes based on tax regulations. You will receive a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes. As a result, shareholders should not use this distribution information for tax reporting purposes.
